Laugh Time

The Rugged Outdoor Woman

During her physical examination, a doctor asked a retired woman about her physical activity level. The woman said she spent 3 days a week, every week in the outdoors.

"Well, yesterday afternoon was typical; I took a five hour walk about 10 kilometers through some pretty rough terrain. I waded along the edge of a lake. I pushed my way through 3 kilometers of brambles.

I got sand in my shoes and my eyes. I barely avoided stepping on a snake.

I climbed several rocky hills. I had to pee behind some big trees.

I ran away from an irate kangaroo and then ran away from one big angry bull. The mental stress of it all left me shattered. At the end of it all I drank a scotch and three glasses of wine.

Amazed by the story, the doctor said,

"You must be one hell of an outdoor woman!"

"No," the woman replied, "I'm just a really, really lousy golfer".

HAVE YOUR SAY

As I am not resident full time in Mt Beauty over the winter months, the snow beckons, I would like to ask all of you to be mindful of events, jobs, stories (factual or not) that occur at the club and to please let me know so I can at least have a newsletter for you every month over the winter.

I thank you all in advance.
